Angus, Robert William (Prof. of Mechanical Engineering) July 1, 1919

(019)

University of Toronto
TORONTO, CANADA

FACULTY OF APPLIED SCIENCE AND ENGINEERING

156

July 13/19

Dear Sir Robert:-

I do not care about giving you trouble in going by your home when your time is so fully occupied.

I wanted to talk to you about the Machine Design position, but perhaps you could write me a note about it. What salary are you willing to offer for it?

Yours Sincerely
Robert D. Angus

July 14th, 1919

Professor R. H. Angus,
Department of Mechanical Engineering,
University of Toronto.

Dear Professor Angus:

I should think that you might offer any salary for the position in Machine Design within the lecture grade. Probably for your own sake it would be well not to make any appointment which would cause trouble with Parkin. I should suppose that you might go up to $1500. Will you please consult with Dean Mitchell in regard to the matter ?

Yours sincerely,

President.
